

LET BATTLE COMMENCE

So, they made it permanent. Don't worry, we're now officially declaring our campaign permanent! On February 4th we're intensifying our fight to get this tax abolished. There'll be a Flash Demo down to Millbank where we will be asking Tory HQ to explain how, exactly, their policy against Stealth Taxes works. We'll also remind them, in no uncertain terms, what deep legal manure their Westminster colleagues have landed themselves in. And all this just before the General Election Campaign! Register online for demo details today.
