

A NEW YEAR GIFT TO OUR FELLOW RIDERS

FROM THE NO TO BIKE PARKING TAX CAMPAIGN*

Overleaf is a letter from Westminster City Council's Parking Department confirming that PCNs issued for non-payment, where the bike bay sign is defaced, are:

UNENFORCEABLE PCNs

So it could be interpreted:
**CAN'T READ THE SIGN IN THE BAY?
THEN YOU DON'T HAVE TO PAY!**
Don't be charged unnecessarily.

**USE YOUR PHONE TO TAKE A PHOTO,†
NOT TO BUY A TICKET.**

*The No To Bike Parking Tax Campaign does not condone the damaging of signs and has issued this flyer purely on an advisory basis.

†Caution: as each PCN is dealt with individually, non-payment is at your own risk. Always ensure you have photographic evidence in case of an incorrectly issued ticket.

Penalty Charge Notice No: [REDACTED]
Date of Contravention: [REDACTED]
Vehicle Registration Mark: [REDACTED]
Location: [REDACTED]
Contravention Code: 11
Contravention Description: Parked without payment of the parking charge

Dear [REDACTED]

Thank you for your correspondence regarding the above Penalty Charge Notice (PCN).

I have carefully considered the points you have raised and reviewed the details of the case in full. I can confirm that this PCN has been cancelled.

The PCN was issued because the vehicle was parked without payment of the parking charge in a Pay by Phone bay (mobile phone parking).

On checking the photographic evidence that was provided by the Civil Enforcement Officer (CEO), I can see that the signage has been vandalised and that the required phone number information has been obliterated.

In view of this evidence, I have cancelled the PCN.

You are no longer liable for this charge.

Yours sincerely

Kevin Goad, Assistant Director, Parking Services
